Govt may allow 100% FDI in contract mfg: Sources

PRESS TRUST OF INDIA New Delhi, August 11

THE GOVERNMENT IS working on a proposal to allow 100% FDI in contract manufacturing with a view to attract overseas investments, sources said. According to the existing foreign investment policy, 100% foreign direct investment (FDI) is permitted in the manufacturing sector under the automatic route. A manufacturer is also allowed to sell products manufactured in India through wholesale and retail channels, including through e-commerce, without government's approval.

"The current policy does not talk about contract manufacturing and it is not clearly defined in the policy. Big technology companies across the world are going for this, so there is a need for a clarification on

the matter which government is considering positively," they said. The commerce and industryministry is working on a proposal that would be finalised soon and sent for Union Cabinet's approval. Commenting on the pro-

posal, Rajat Wahi, partner, Deloitte India, said the move if approved by the government will give a boost to the manufacturing sector. Finance minister Nirmala Sitharaman in her Budget speech in July had proposed relaxation in the FDI norms for certain sectors such as aviation, AVGC (animation, visual effects, gaming and comics), insurance, and single brand retail with a view to attract more overseas investment.

Counterfeit products cause over ₹1 lakhcrore loss annually in India, says ASPA: Stressing the need to have anti-counterfeiting solutions along with adequate awareness and mon-

itoring, industry body ASPA has claimed counterfeit products across various sectors in India are causing losses to the tune of over ₹1 lakh crore every year.
