2023 ஆட்டோ கண்காட்சியில் மின்சார வர்த்தக வாகனம்

சென்னை,டிச.26-

தலைநகர் டில்லியில் அடுத்தாண்டு நடைபெறவுள்ள ஆட்டோ கண்காட்சியில் முதல் முறையாக மின்சாரத்தில் இயங்கும் வர்த்தக வாகனங்கள் காட்சிப்படுத்தவுள்ளன.

ரயில்வேக்கு வேகன்கள், பிரேக் சாதனங்கள், அதிவேக ரயில்பெட்டிகளுக்கான டிஸ்க் பிரேக் சாதனங்கள் மற்றும் பொறியியல் உபகரணங்களை தயாரிக்கும் ஜூபிடர் வேகன் நிறுவனம் இதனை அறிமுகம் செய்ய உள்ளது.

நாட்டில் தற்போது இரு சக்கர மற்றும் 3 சக்கரத்தில் இயங்கும் மின்சார வாகனங்கள் மட்டுமே பயன்பாட்டில் உள்ளன. சரக்குகளை கொண்டுசெல்லும் வர்த்தக வாகனங்களையும் மின்சாரத்தில் இயக்க முயற்சிகள் மேற்கொள்ளப்பட்டு வருகின்றன. இந்த நிலையில் ஜனவரி 12 ஆம் தேதி ஆட்டோ கண்காட்சி மற்றும் மோட்டார் காட்சியில் இந்த வாகனம் காட்சிப்படுத்தப்படவுள்ளது. இதற்காக இந் நிறுவனம் கனடாவை சேர்ந்த ஒரு நிறுவனத்துடன் கூட்டு தயாரிப்பு ஒப்பந்தத்தில் கையெழுத்திட்டுள்ளது. மின்சாரத்தில் இயங்கும் வர்த்தக வாகனங்கள் உற்பத்தியை முழுமையாக இந்தியாவில் மேற்கொள்ளவும் ஜூபிடர் திட்டமிட்டுள்ளது.

Jupiter Wagons (JWL), a leading manufacturer of wagons, brake systems and brake discs for high-speed passenger coaches, and railway and engineering equipment will make its debut in the Indian commercial vehicle industry with the launch of its electric vehicles at the Auto Expo - The Motor Show 2023.

It was in May this year that JWL announced its foray in the EV segment with the launch of 'Jupiter Electric Mobility' focusing on commercial EVs. The company has formed a joint venture with Canada's GreenPower Motors which specialises in ECVs (electric commercial vehicles) in the passenger and freight transport markets. The commercial electric vehicles will be in the LCV category in the 2.2-tonne to the 7-tonne range.

Jupiter Electric Mobility To Showcase Electric Commercial Vehicles At Auto Expo 2023
 The creation of the electric mobility arm of Jupiter wagons Ltd was announced earlier this year.

By [Gurpreet Singh](#) | 1 min read | 27-Dec-22 11:28 PM IST

Jupiter wagons Ltd, is set to debut its first commercial electric vehicles under the new Jupiter electric mobility brand at the 2023 Auto expo. The company had announced the creation of the Jupiter electric mobility vertical of its business earlier this year along with the formation of a joint venture with electric commercial vehicle manufacturer GreenPower motor Company. GreenPower manufactures electric commercial vehicles with applications in public transport and load haulage. The joint venture with Jupiter wagons would see the two companies manufacture right-hand driver variants of the former's eV Scar CC (cab and chassis) model as well. The eV Scar CC offers a payload carrying capacity of up to 4,000 kg and offers a range of up to 200 km per charge depending on the specification. Jupiter says that it intends to undertake end-to-end production of eCVs in India with its initial offerings set to be catered towards the light commercial vehicle market with a range of products in the 2.2-tonne to 7-tonne categories.

INTERVIEW

Jupiter Wagons hitches ride on diversification

Informist, Thursday, Dec 22, 2022

By Avishek Rakshit

KOLKATA – Jupiter Wagons Ltd, which recently forayed into the commercial electric vehicles space, is looking to further diversify its portfolio from being a pure rail wagon maker.

The company, which already has plants in cities including Kolkata, Jabalpur, Indore and Pune, is banking on joint ventures with global players and organic growth. The company is also keeping an eye on acquisitions, which it feels can streamline the portfolio further.

Banking On Its Global Partners, The Company Is Also Looking To Double Its Exports To Account For 20% Of Its Revenue In The Next Five Years.

The diversification plan is not aimed just at de-risking from a single line of business that could be hit by adverse conditions, but also to improve margins down the line.

Railway brakes, a product vertical dominated by select players, came as a natural choice for Jupiter Wagons. First, it offers lower degree of competition and secondly, the margins are far superior to the company's existing portfolio mix.

Banking on its global partners, the company is also looking to double its exports to account for 20% of its revenue in the next five years.

In an exclusive interview with Informist, Managing Director Vivek Lohia discusses the diversification plans and more.

Following are edited excerpts from the interview:

With as many as five global launches and 75 unveils, India's flagship motor show — Auto Expo 2023 — is ready to kick-start this week, starting Friday. Clean mobility will drive the expo in this year's edition, which kicks off with press days on January 11–12, followed by general public days from January 13–18, and will see a much larger participation of newer start-up players, especially in the electric vehicle (EV) segment.

This edition is set to see the highest industry participation, with about 80 industry stakeholders participating in the mega motor show, including 46 vehicle manufacturers.

Along with the craze and craving for automobiles, style and glamour are set to return to the NCR. After almost three years due to the pandemic, the Auto Expo is now making a comeback and is all set to take centre stage. But besides being known for bringing all the jazz of the newest and latest automobile models, this event is also driven by star power. So, all the SRK fans in town should expect to see him live! One of the many reasons to be excited about this event is that, as per our sources, actor Shah Rukh Khan, who is the brand ambassador of an automobile giant, will serve his swag at the expo. SPOT, a four-legged robot, will also be here to share the love.

Startups seem to have caught the green mobility trend in India with more than 20 of them gearing up to showcase technology solutions at the upcoming Auto Expo— The Motor Show, said a top official of the Society of Indian Automobile Manufacturers (SIAM).

Notably, the number of startups participating in the upcoming event in January is higher than at the last edition.

SIAM's Director General Rajesh Menon told Moneycontrol: "In the next edition we have over 20 startups showcasing greentech."

Jupiter Wagons Ltd. (JWL), a prominent manufacturer of wagons, brake systems and brake discs for high-speed passenger coaches, and railway and engineering equipment is all set to showcase and launch its Commercial Electric Vehicles at the Auto Expo – The Motor Show 2023. Earlier this year JWL announced their foray into the EV segment with the launch of 'Jupiter Electric Mobility' focusing on commercial EVs.

The EV arm of JWL has formed a joint venture with GreenPower Motors a publicly-listed firm based in the United States and Canada specializing in e-CVs (Electric Commercial Vehicles) in the passenger and freight transport markets. Its commercial electric vehicles will be in the LCV category in the 2.2 and 7-tonne range variants.

The Telegraph	13 Jan 2023	Jupiter Electric	Kolkata

Jupiter Electric

Jupiter Electric Mobility, a subsidiary of Jupiter Wagons, on Thursday announced the launch of two commercial

electric vehicles at the Auto Expo 2023.

The company had entered into a strategic alliance with North American firm Green-Power Motor Company, which specialises in commercial electric vehicles in passenger transportation and freight transportation segments. It has also entered into a partnership with Log 9 Materials for EV batteries and Xavion Mobility for vehicle design and development.

Vivek Lohia, managing director of Jupiter Wagons, told The Telegraph that the company initially plans to bring in 2.2 tonnes and 7 tonnes (gross vehicle weight) electric commercial vehicles and then explore opportunities to expand in the other segments. The vehicles would be available in the mar-

ket from September onwards.

"Today with the launch of JEM TEZ and EV STAR OC we are entering a new era at the Jupiter group," said Lohia.

"Right now the focus is on last mile and middle mile. That is where we believe the maximum commercial electric vehicle penetration is going to happen."

The Millennium Post	13 Jan 2023	'Auto cos need to enhance safety features to cut accident deaths'	New Delhi Kolkata

'Auto cos need to enhance safety features to cut accident deaths'

OUR CORRESPONDENT

GREATER NOIDA: Union Road Transport and Highways Minister Nitin Gadkari on Thursday asked automobile makers to incorporate more safety features to prevent road accident deaths saying the government does not want to make it mandatory if these were done voluntarily.

In his address at the inauguration of the Auto Expo, which witnessed over 75 launches in two days, with majority in the electric vehicles segment, the minister also said Indian automobile industry has the potential to become global market leader in the next five years.

The major launches on the second day of the expo included Maruti Suzuki's two new products — Jimmy and Fronx — in a bid to secure top position in the sports utility vehicle segment and regain 50 per cent market share in the country's passenger vehicle market.

Speaking at the inauguration of the expo, which is being organised a gap of three years, the minister for road transport and highways asserted that the government's target is to reduce these accidents by 50 per cent before the end of 2024 while asking the auto industry to take suo motu action for road safety as the government doesn't want to make anything mandatory.

"We don't want to make anything mandatory to (you), suo motu if you can take the decision, it will be a great plus-

sure and pride for all of us," he said.

The minister further said: "I am really happy and I'm again giving my best wishes to you that within five years, the day will come that this industry will be number one manufacturing hub in the world and you have got the potential."

He recalled confidence that before the end of 2024, India's road infrastructure will be equivalent to that of the US.

"So my only suggestion here is to take preventive measures about safety. We are very sensitive about it," he said, adding many talented youth are dying in road accidents and it is really unfortunate.

Gadkari said that the lives of people are more important than increasing the cost of vehicles through additional safety features such as air bags.

"Inspite of you that this is the time that your contribution and cooperation is very important as far as road safety is concerned," he said.

His sentiments were also echoed by Minister of Heavy Industries Mahendra Nathi Pandey, who lamented that while India has only 1 per cent

of the total overall vehicles, the country accounts for 11 per cent of the total global deaths due to road accidents.

The second day of the expo also saw Japan's Electric Mobility launching two commercial electric vehicles which will hit the markets by mid of this year, while Sun Mobility, an energy infrastructure and services provider for electric mobility, stated that it aims to serve 10 lakh vehicles through its platform by 2025.

It also witnessed electric two-wheeler maker Ultraviolette unveil its 'F99 Factory Racing' platform to enter high-speed racing and Hyderabad-based Adialforce Auto Ride India introduce two Italian Superbikes — MS02N and C3002V. MG Motor showcased new energy vehicles with its third generation hydrogen fuel cell technology.

Earlier in the day, Joint Secretary in the heavy industries ministry Hamid Qureshi said that the government is taking steps to promote growth of the industry and for faster adoption of electric vehicles (EVs) in the country.

"Electric mobility is an important part to reduce carbon emissions. The government has launched schemes to promote EVs... FAME is a demand (driven) incentive scheme... 7,000 buses so far incentive under the scheme.

"I hope in the next one year it will be on the road. We have more plans to incentivise buses," he said here.

AUTO INDUSTRY

GOVT EYES PRODUCTION OF 5 LAKH E-THREE WHEELERS BY 2024

NEERAJ KUMAR
NEW DELHI

The Government on Thursday set a manufacturing target of five lakh electric three-wheelers, at least 35,000 electric two-wheelers and 2,000 electric buses by 2024 as India's automobile manufacturers and vehicle exhibitors took to the 16th Auto Expo stage with a

vengeance, launching products across FY and commercial segments, high on innovation in class, green and sustainable solutions. Union Minister of Heavy Industries Mahendra Nath Pandey set out the vision against the backdrop of India's emergence as a major exporter of auto components with shipments of around \$19 billion in FY

2022, significant contribution by the components industry in India's GDP. Around Rs 68,000 crore of investments were drawn under the original equipment manufacturer (OEM) and components industry through the FDI schemes for the auto components sector along with the FAME initiative, Pandey said at the inaugura-

tion of the 16th Auto Expo Components Show 2023, jointly organized by the Automotive Component Manufacturers Association of India, Society of Indian Automobile Manufacturers and the Confederation of Indian Industry. Besides the Government's effort on providing a robust infrastructure for the sector, improving cost effective-

ness is seen as an imperative for India to become a global auto leader by Sanjay Bajaj, President, CII while Sunjay Kapur, President, ACMA, sees focus on R&D, innovation, and localisation for eco-friendly mobility solutions as mantras for the same objective. Jupiter Electric Mobility debated two e-light commercial vehicles and

WardWizard unveiled high-speed electric scooter 'MIGOS' as well as the concept of its city electric motorcycle 'Rockefeller' at Auto Expo 2023. India also got its first automatic dual speed transmission electric three-wheelers with Shem R8 and Shem Comfy from MTA EV as well as its first indigenous smart multi-purpose E-

Scooter 'URBIN' from Motovill. Godawari Electric Motors launched its electric auto (LSN) Eki, Roze and electric Motorcycle Ebi Spin while Gravion Motors unveiled four new EVs -- QIK, ABQ, Rapid EV (Gravion motor partnered with log9) and Quanta SE (Gravion motor partnered with Sun Mobility) and Corrit Electric announced

the launch of BSB focused delivery electric bike-'Transit'. Among the most striking developments in the passenger EV space is the launch of IONIQ 5, an EV model from Hyundai Motor India (HIMIL) offered on a dedicated electric global modular platform with a range of 631 km per full charge.

जुपिटर वेगन्स लिमिटेड (नेबल्सएल) की कमर्शियल इलेक्ट्रिक वाहन शाखा, जुपिटर इलेक्ट्रिक मोबिलिटी (जेईएम) ने आज ऑटो एक्सपो- मोटर शो 2023 में ई-एलसीवी- 2.2 का जेईएम नैनो और 7 टन जीबीटब्ल्यू के ईवी स्टार सीईवी का अनावरण किया, और कमर्शियल इलेक्ट्रिक वाहन क्षेत्र में प्रवेश किया। ईवी क्षेत्र में विशेषज्ञता रखने वाली प्रमुख विदेशी और घरेलू कंपनियों के साथ स्पर्धात्मक गठजोड़ और साझेदारी ने ब्रांड को और मजबूती प्रदान की है और इसका लक्ष्य भारत में सीईवी सेगमेंट में मार्केट लीडर बनना है। जेईएम ने वाजार में ई-एलसीवी के दो वैरिएंट लॉन्च किए हैं और यह भारत में एड-टू-एड उत्पादन शुरू करने, प्रमुख वाजारों में सेवा सुविधाएं स्थापित करने और एक सर्वोत्तम ग्राहक अनुभव प्रदान करने के लिए विक्री-परकृत आवश्यकताओं में विस्तार करने की योजना बना रहा है। प्रारंभ में प्रमुख महानगरों मुंबई, दिल्ली-एनसीआर, पुणे और बेंगलूर से संपर्क करने के बाद सीईवी मुख्य रूप से वितरण के आधुनिक सिरे की जरूरतों को पूरा करेगा।

मोबिलिटी सॉल्यूशंस बिजनेस में अपनी मौजूदा क्षमताओं और विशेषज्ञता को बढ़ाते हुए, जेईएम ने गाड़ी परिवहन और माल परिवहन वाजारों में व्यापिक इलेक्ट्रिक वाहनों में विशेषज्ञता रखने वाली

उत्तरी अमेरिका स्थित फोनोवायर मोटर कंपनी के साथ एक स्पर्धात्मक गठबंधन किया है। ईवी वेद्यो के लिए लॉग 9 मॉडरियलस के साथ और वाहन डिजाइन और विकास के लिए मॉबिलिटी के साथ स्पर्धात्मक साझेदारी एक ऐसे प्रतिस्पर्धी उत्पाद के निर्माण में गैर-कॉम्पेटेन्ट सावित होगी जिसकी वाजार में काफी सरहना की जाती है। कंपनियों के द्वारा हासिल इस नई सफलता से इत्साहित, जुपिटर वेगन्स लिमिटेड के प्रबंध निदेशक, श्री विवेक लोहिया ने बताया, "एक स्वच्छ विकल्प के रूप में, इलेक्ट्रिक वाहन एक वैश्विक विधाया बन गए हैं और स्थाई परिवहन लक्ष्यों को प्राप्त करने की दिशा में यह एक महत्वपूर्ण कदम है। आज जेईएम तेज और ईवी स्टार सीईवी के लॉन्च के साथ हम जुपिटर ग्रुप के साथ एक नए युग में कदम रख रहे हैं।"

जुपिटर इलेक्ट्रिक मोबिलिटी: जुपिटर वैगन्स लिमिटेड की एक सहायक कंपनी ने ऑटो एक्सपो 2023 में 2 सीईवी लॉन्च किए

नई दिल्ली, एजेंसी

12 जनवरी 2023, राष्ट्रीय ज्यूपिटर वैगन्स लिमिटेड (जेडब्ल्यूएल) की कमर्शियल इलेक्ट्रिक वाहन शाखा, जुपिटर इलेक्ट्रिक मोबिलिटी (जेईएम) ने आज ऑटो एक्सपो 2023 में इ-एलसीवी- 2.2 का जेईएम तेज और 7 टन जीवीडब्ल्यू के ईवी स्टार सीसी का अनावरण किया, और कमर्शियल इलेक्ट्रिक वाहन क्षेत्र में प्रवेश किया। ईवी क्षेत्र में विशेषज्ञता रखने वाली प्रमुख विदेशी और घरेलू कंपनियों के साथ रणनीतिक गठजोड़ और साझेदारी ने ब्रांड को और मजबूती प्रदान की है और इसका लक्ष्य भारत में सीईवी सेगमेंट में मार्केट लीडर बनना है। जेईएम ने बाजार में इ-एलसीवी के दो वैरिएंट लॉन्च किए हैं और वह भारत में एंड-टू-एंड उत्पादन शुरू करने, प्रमुख बाजारों में सेवा सुविधाएं स्थापित करने और एक सीमलेस ग्राहक अनुभव प्रदान करने के लिए बिक्री-पश्चात आवश्यकताओं में विस्तार करने की योजना बना रहा है। प्रारंभ में प्रमुख

महानगरों मुंबई, दिल्ली-एनसीआर, पुणे और बंगलोर से संपर्क करने के बाद सीईवी मुख्य रूप से वितरण के आखिरी सिरे की जरूरतों को पूरा करेगा। मोबिलिटी सॉल्यूशंस बिजनेस में अपनी मौजूदा क्षमताओं और विशेषज्ञता को

बढ़ते हुए, जेईएम ने यात्री परिवहन और माल परिवहन बाजारों में वाणिज्यिक इलेक्ट्रिक वाहनों में विशेषज्ञता रखने वाली उत्तरी अमेरिका स्थित ग्रीनपावर मोटर कंपनी के साथ एक रणनीतिक गठबंधन किया है।

ईवी बैटरी के लिए लॉग 9 मेटेरियल्स के साथ और वाहन डिजाइन और विकास के लिए जेवियन मोबिलिटी के साथ रणनीतिक साझेदारी एक ऐसे प्रतिस्पर्धी उत्पाद के निर्माण में बेहद फायदेमंद साबित होगी जिसकी बाजार में काफी सराहना की जाती है। कंपनी के द्वारा हासिल इस नई सफलता से उत्साहित, जुपिटर वैगन्स लिमिटेड के प्रबंध निदेशक, श्री विवेक लोहिया ने बताया, -एक स्वच्छ विकल्प के रूप में, इलेक्ट्रिक वाहन एक वैश्विक रिवायत बन गए हैं और स्याई परिवहन लक्ष्यों को प्राप्त करने की दिशा में यह एक महत्वपूर्ण कदम है। आज जेईएम तेज और ईवी स्टार सीसी के लॉन्च के साथ हम जुपिटर ग्रुप के साथ एक नए युग में कदम रख रहे हैं। इनोवेशन और सस्टेनेबिलिटी

कंपनी की सर्वोच्च फिलोसोफी हैं और आज का लॉन्च हमारे इसी विश्वास का प्रमाण है। ईवी व्यवसाय भारत में बहुत बड़ी संभावना रखता है और हम आने वाले समय में इस फील्ड में एक महत्वपूर्ण खिलाड़ी बनने का एक बड़ा अवसर देख रहे हैं। ईवी के लागत लाभ और स्याई दृष्टिकोण को देखते हुए, ईवी अंततः आईसीई मार्केट पर कब्जा कर लेगी। हरित भविष्य और सरकार की इसे समर्थन की अनुकूल नीति इस सेगमेंट को और बढ़ावा देगी। लॉन्च पर टिप्पणी करते हुए, श्री गौरव जलोटा, सीईओ, जुपिटर इलेक्ट्रिक मोबिलिटी ने कहा, - मोबिलिटी सॉल्यूशंस की श्रेणी में हमारी विरासत को देखते हुए, हम सीईवीएस व्यवसाय के विकास के बारे में बेहद आशान्वित हैं, सीईवी सेगमेंट में प्रवेश करना कंपनी के लिए स्वाभाविक विकास का मार्ग है। सस्टेनेबिलिटी स्पेस में गेम-चेंजर होने के साथ-साथ हमारी निर्माण सुविधाएं नवीनतम तकनीकों के साथ विश्व स्तरीय हैं।

AUTO EXPO 2023

JUPITER ELECTRIC MOBILITY DEBUTS FIRST COMMERCIAL EVS FOR INDIA

THE CEVS WILL CATER MAINLY TO THE NEEDS FOR THE LAST MILE DELIVERY, TAPPING THE MAJOR METROS MUMBAI, DELHI-NCR, PUNE, AND BANGALORE INITIALLY

Jupiter Electric Mobility (JEM), the commercial electric vehicle arm of Jupiter Wagons Ltd (JWL) today unveiled the e-LCVs – JEM TEZ of 2.2 and EV STAR CC of 7 Ton GVW at the Auto Expo - The Motor Show 2023 and forayed its entry into the commercial electric vehicle segment. The strategic alliances and partnerships with key foreign and domestic companies that have expertise in the EV sector have further added strength to the brand and its goal is to become the market leader in the CEV segment in India. JEM has launched two variants of E-LCVs into the market and plans to undertake end-to-end production

in India and establish service facilities in key markets, in order to expand into the after-sales requirements for a seamless customer experience. The CEVs will cater mainly to the needs for the last mile delivery, tapping the major metros Mumbai, Delhi-NCR, Pune, and Bangalore initially. (For more details on the product please see ANNEXURE I). Enhancing its existing capabilities and expertise in the mobility solutions business, JEM has entered into a strategic alliance with North America based GreenPower Motor Company specialising in Commercial Electric Vehicles in the passenger transportation and freight transport markets.

जुपिटर इलेक्ट्रिक मोबिलिटी - जुपिटर वैगन्स लिमिटेड की एक सहायक कंपनी ने ऑटो एक्सपो 2023 में दो सीईवी लॉन्च किए

मनीष मेहता

इंदौर (अभियान आज तक)। 2023, राष्ट्रीय ज्यूपिटर वैगन्स लिमिटेड (जेडब्ल्यूएल) की कर्मशियल इलेक्ट्रिक वाहन शाखा, जुपिटर इलेक्ट्रिक मोबिलिटी (जेईएम) ने आज ऑटो एक्सपो-मोटर शो 2023 में ई-एलसीवी- 2.2 का जेईएम ते? और 7 टन जीवीडब्लू के ईवी स्टार सीसी का अनावरण किया, और कर्मशियल इलेक्ट्रिक वाहन क्षेत्र में प्रवेश किया। ईवी क्षेत्र में विशेषज्ञता रखने वाली प्रमुख विदेशी और घरेलू कंपनियों के साथ रणनीतिक गठजोड़ और साझेदारी ने ब्रांड को और मजबूती प्रदान की है और इसका लक्ष्य भारत में सीईवी सेगमेंट में मार्केट लीडर बनना है।

जेईएम ने बाजार में ई-एलसीवी के दो वैरिएंट लॉन्च किए हैं और वह भारत में एंड-टू-एंड उत्पादन शुरू करने, प्रमुख बाजारों में सेवा सुविधाएं स्थापित करने और एक सीमलेस ग्राहक अनुभव प्रदान करने के लिए बिक्री-पश्चात आवश्यकताओं में विस्तार करने की योजना बना रहा है। प्रारंभ में प्रमुख महानगरों मुंबई, दिल्ली-एनसीआर, पुणे और बैंगलोर से संपर्क करने के बाद सीईवी मुख्य रूप से वितरण के आखिरी सिरे की जरूरतों को पूरा करेगा।

मोबिलिटी सॉल्यूशंस बिजनेस में अपनी मौजूदा क्षमताओं और विशेषज्ञता को बढ़ाते हुए, जेईएम ने यात्री परिवहन और माल परिवहन बाजारों में वाणिज्यिक इलेक्ट्रिक वाहनों में विशेषज्ञता रखने वाली

उत्तरी अमेरिका स्थित ग्रीनपावर मोटर कंपनी के साथ एक रणनीतिक गठबंधन किया है। ईवी बैटरी के लिए लॉग 9 मटेरियल्स के साथ और वाहन डिजाइन और विकास के लिए जेवियन मोबिलिटी के साथ रणनीतिक साझेदारी एक ऐसे प्रतिस्पर्धी उत्पाद के निर्माण में बेहद फायदेमंद साबित होगी जिसकी बाजार में काफी सराहना की जाती है।

कंपनी के द्वारा हासिल इस नई सफलता से उत्साहित, जुपिटर वैगन्स

कनाडा की सीईवी कंपनी ग्रीनपॉवर के पार्टनर लेकर आये हैं क्रमशः 2.2 और 7 टन जीवीडब्लू के ई-एलसीवी, जेईएम तेज और ईवी स्टार सीसी प्रमुख बाजार - मुंबई, दिल्ली-एनसीआर, पुणे और बैंगलोर

लिमिटेड के प्रबंध निदेशक, श्री विवेक लोहिया ने बताया, "एक स्वच्छ विकल्प के रूप में, इलेक्ट्रिक वाहन एक वैश्विक रिवायत बन गए हैं और स्थाई परिवहन लक्ष्यों को प्राप्त करने की दिशा में यह एक महत्वपूर्ण कदम है। आज जेईएम तेज और ईवी स्टार सीसी के लॉन्च के साथ हम जुपिटर ग्रुप के साथ एक नए युग में कदम रख रहे हैं। इनोवेशन और सस्टेनेबिलिटी कंपनी की सर्वोच्च फिलोसोफी हैं और आज का लॉन्च हमारे इसी विश्वास का प्रमाण है। ईवी

व्यवसाय भारत में बहुत बड़ी संभावना रखता है और हम आने वाले समय में इस फील्ड में एक महत्वपूर्ण खिलाड़ी बनने का एक बड़ा अवसर देख रहे हैं। ईवी के लागत लाभ और स्थाई दृष्टिकोण को देखते हुए, ईवी अंततः आईसीई मार्केट पर कब्जा कर लेगी। हरित भविष्य और सरकार की इसे समर्थन की अनुकूल नीति इस सेगमेंट को और बढ़ावा देगी।"

लॉन्च पर टिप्पणी करते हुए, श्री गौरव जलोटा, सीईओ, जुपिटर इलेक्ट्रिक मोबिलिटी ने कहा, "मोबिलिटी सॉल्यूशंस की श्रेणी में हमारी विरासत को देखते हुए, हम सीईवीएस व्यवसाय के विकास के बारे में बेहद आशान्वित हैं।

सीईवी सेगमेंट में प्रवेश करना कंपनी के लिए स्वाभाविक विकास का मार्ग है। सस्टेनेबिलिटी स्पेस में गेम-चेंजर होने के साथ-साथ हमारी निर्माण सुविधाएं नवीनतम तकनीकों के साथ विश्व स्तरीय हैं। हम भारत में सीईवी व्यवसाय में अत्यधिक मांग वाले नामों में से एक होने की उम्मीद रखते हैं।"

कंपनी के पास जबलपुर, इंदौर

और कोलकाता में विनिर्माण सुविधाओं के साथ 200 एकड़ से अधिक का परिसर है और ऑटो घटक इंजीनियरिंग में तथा बड़े स्तर पर निर्माण की विशेषज्ञता है। तकनीक-सक्षम प्रक्रियाओं और अत्यधिक योग्यता और कुशलता रखने वाले कर्मचारियों के साथ, जेईएम बाजार में अपने बेहतरीन रिसर्च और इंजीनियरिंग वाले सीईवी उत्पादों के कारण एक लाभदायक स्थान बनाने की स्थिति में है। कंपनी की योजना भविष्य में इलेक्ट्रिक वाहनों की सम्पूर्ण श्रेणी प्रस्तुत करने की है - एलसीवी, एमसीवी, एचसीवी और बस इत्यादि।

सेंटर फॉर एनर्जी फाइनेंस (सीईईडब्ल्यू-सीईए) के अध्ययन के अनुसार, इलेक्ट्रिक वाहन (ईवी) बाजार 2025 तक भारत में 50,000 करोड़ रुपये तक पहुंचने का अनुमान है। जुपिटर वैगन्स लिमिटेड (www.jupiterwagons.com/) बीएसई 533272; एनएसई जेडब्ल्यूएल) के बारे में जुपिटर वैगन्स ग्रुप संपूर्ण मोबिलिटी समाधान प्रदान करने वाली विगत चार दशकों से अधिक समय से समृद्ध विरासत।

JEM has launched the 2.2T TEZ and 7.7T EV Star CC and plans to undertake end-to-end production in India and establish service facilities in key markets.

A fortnight after it released teaser images of the two all-electric commercial vehicles with which it was to enter the Indian EV industry, Jupiter Electric Mobility (JEM), the commercial EV arm of Jupiter Wagons Ltd (JWL) today unveiled the two zero-emission products at the Auto Expo – The Motor Show 2023.

The company has launched the JEM TEZ of 2.2 tonne and EV Star CC of 7 tonne GVW and plans to undertake end-to-end production in India and establish service facilities in key markets. The CEVs are targeted at the last-mile delivery segment in Mumbai, Delhi-NCR, Pune and Bangalore initially.

Maruti Suzuki unveils Jimny and Fronx SUVs in India

Company expects supply of its models, specially SUVs that have large pending orders, to get better in ongoing quarter

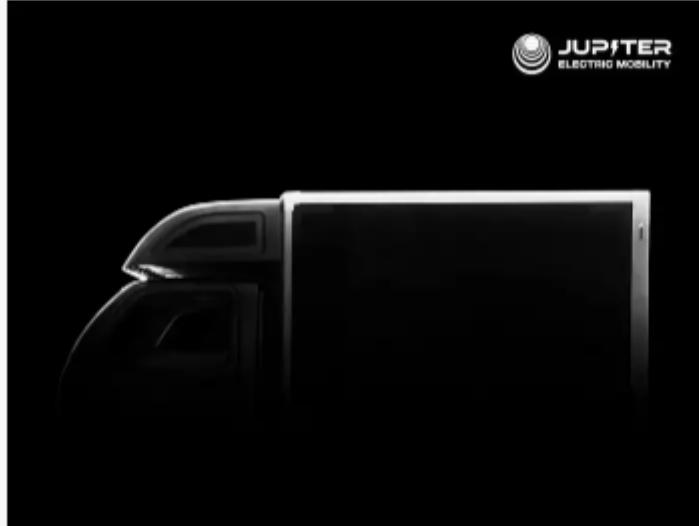

Thiruvananthapuram, India (UPI) Maruti Suzuki unveiled its new SUVs, the Jimny and Fronx, at the Auto Expo 2023 in Thiruvananthapuram, India, on Thursday. The Jimny is a 5-door SUV, while the Fronx is a compact SUV.

Maruti Suzuki on Thursday unveiled two new products — Jimny and Fronx — in India in a bid to secure a top position in the sports utility vehicle segment and regain a 50 per cent market share in the country's passenger vehicles market. The Jimny is a 5-door SUV, while the Fronx is a compact SUV.

With semiconductor shortage issues gradually tapering off, the company expects supply of its models, specially SUVs that have large pending orders, to get better in the ongoing quarter.

The company's medium-term goal has been to get back 50 per cent market share and secure the number one position in the SUV segment, Maruti Suzuki India MD and CEO Misashi Takemuchi said.

 Betays in e-LCVs JEM TEZ and EV STAR CC of 2.2 and 7 Ton GVW respectively
 Key markets - Mumbai, Delhi-NCR, Pune, and Bangalore*

Chennai : Jupiter Electric Mobility (JEM), the commercial electric vehicle arm of Jupiter Wagons Ltd (JWL) today unveiled the e-LCVs – JEM TEZ of 2.2 and EV STAR CC of 7 Ton GVW at the Auto Expo – The Motor Show 2023 and forayed its entry into the commercial electric vehicle segment. The strategic alliances and partnerships with key foreign and domestic companies that have expertise in the EV sector have further added strength to the brand and its goal is to become the market leader in the CEV segment in India.

JEM has launched two variants of E-LCVs into the market and plans to undertake end-to-end production in India and establish service facilities in key markets, in order to expand into the after-sales requirements for a seamless customer experience. The CEVs will cater mainly to the needs for the last mile delivery, tapping the major metros Mumbai, Delhi-NCR, Pune, and Bangalore initially. (For more details on the product please see ANNEXURE I).

Enhancing its existing capabilities and expertise in the mobility solutions business, JEM has entered into a strategic alliance with North America based GreenPower Motor Company specialising in Commercial Electric Vehicles in the passenger transportation and freight transport markets. The strategic partnership with Log 9 Materials for EV batteries and Xavion Mobility for vehicle design and development will prove extremely beneficial to create a competitive product that is highly appreciated in the market.

Auto Expo 2023: Jupiter Electric Mobility launches two E-LCVs

The company has entered into a strategic alliance with North America based GreenPower Motor Company

By ICH Bureau | January 13, 2023

Jupiter Electric Mobility (JEM), the commercial electric vehicle arm of Jupiter Wagons Ltd (JWL) has unveiled the E-LCVs – JEM T22 of 2.2 and EV ATLR CC of 7 Ton GVW at the Auto Expo 2023 and forayed its entry into the commercial electric vehicle segment.

JEM has launched two variants of E-LCVs into the market and plans to undertake end-to-end production in India and establish service facilities in key markets, in order to expand into the after sales requirements for a seamless customer experience.

The E-LCVs will cater mainly to the needs for the last mile delivery, tapping the major metros Mumbai, Delhi-NCR, Pune, and Bangalore initially.

Enhancing its existing capabilities and expertise in the mobility solutions business, JEM has entered into a strategic alliance with North America based GreenPower Motor Company specialising in commercial electric vehicles in the passenger transportation and freight transport markets. The strategic partnership with Log & Materials for EV batteries and Xarion Mobility for vehicle design and development will prove extremely beneficial to create a competitive product that is highly appreciated in the market.

Elated at the new breakthrough achieved by the company, Vivek Lohia, Managing Director at Jupiter Wagons Ltd, said, "As a cleaner alternative, electric vehicles have become a global narrative and an important step towards sustainable transportation goals. Today with the launch of JEM T22 and EV ATLR CC we are entering a new era at the Jupiter Group. Innovation and Sustainability are at the helm of the company's philosophy and today's launch is a testimony to our belief. India has a huge potential for the EV business and we see a large opportunity for us in becoming an important player in the coming future. Looking at the cost benefits of EVs and sustainable approach, EVs will eventually take over the ICE market. The government's vision of creating a green future and favourable policy support will only boost this segment further."

Commenting on the launch, Geeta Jaisra, CEO, Jupiter Electric Mobility, said, "We are extremely optimistic about the business growth of CEVs, considering our legacy in the mobility solutions category, entering into the CEV segment was the natural growth trajectory for the company. Our manufacturing facilities are of world-class standard with the latest technologies while being a game-changer in sustainability space. We aspire to be one of the sought-after names in the CEV business in India."

The company with its manufacturing facilities in Jabalpur, Indore, and Kolkata has over 200 acres on campus and has expertise in large-scale manufacturing and auto component engineering. With the tech-enabled processes and highly qualified and skilled workforce, JEM is in a position to create an advantageous spot for its well-researched and strongly engineered CEV products in the market. The company plans to have a complete bouquet of electric vehicles from LCV, MCV, HDV, and bus in the future.

Gadkari calls for more safety features to cut road accident deaths

JAN 13, 2023

GRADTSR NODG: Union minister Nitin Gadkari on Thursday asked automobile makers to incorporate more safety features to prevent road accident deaths, saying the government does not want to make it mandatory if these were done voluntarily.

In his address at the inauguration of the Auto Expo 2023, which witnessed over 75 launches in two days, with majority in the electric vehicle segment, the minister also said Indian automobile industry has the potential to become global number one in the next five years.

The major launches on the second day of the expo included Mahindra Suzuki's two new products Jimmy and Torque in a bid to secure top position in the sports utility vehicle segment and regain 20 per cent market share in the country's passenger vehicle market.

Auto Expo 2023. EV two-wheeler makers unveil future products

Wardha-based plans electric passenger car in 2026

The Auto Expo 2023 saw a host of new and futuristic two-wheeler launches and concepts by Bajaj Auto and other players at the Pragati Maidan, Chicago Hall, Mumbai. Bajaj Auto, TVS Motor, and Hero Cycles.

Wardha-based also announced the launch of a passenger electric (PEV) by 2026, which would be under ₹10 lakh. All the companies in the segment are keen to move away from the petrol line and to set up a 100% factory for battery cells in Vadodra and expand its product lines.

"We are planning to set up a 100% plant in Vadodra on 50-acre leased battery plant. That will be managed by our joint venture (JV) company's EV. We have already set up a R&D center in Nagpur for the battery. There will be a JV with the battery of the plant here. In the next 2-3 months, we will manufacture the cell packs here," said Vajra, chairman and managing director of Maharashtra Road Transport & Mobility Solutions (MRTS) via the sidelines of a launch here.

Gadkari calls for more safety features to cut road accident deaths expo witnesses 7 launches

PTI | Updated: January 12, 2023 21:14 IST

Greater Noida, Jan 12 (PTI) Union minister Nitin Gadkari on Thursday asked automobile makers to incorporate more safety features to prevent road accident deaths saying the government does not want to make it mandatory if these were done voluntarily.

In his address at the inauguration of the Auto Expo, which witnessed over 75 launches in two days, with majority in the electric vehicles segment, the minister also said Indian automobile industry has the potential to become global number one in the next five years.

The major launches on the second day of the expo included Maruti Suzuki's two new products -- Jimny and Fronx -- in a bid to secure top position in the sports utility vehicle segment and regain 50 per cent market share in the country's passenger vehicles market.

Speaking at the inauguration of the expo, which is being organised a gap of three years, the minister for road transport and highways asserted that the government's target is to reduce these accidents by 50 per cent before the end of 2024 while asking the auto industry to take suo motu action for road safety as the government doesn't want to make anything mandatory.

"We don't want to make anything mandatory to (you), suo motu if you can take the decision. It will be a great pleasure and pride for all of us," he said.

The minister further said: "I am really happy and I'm again giving my best wishes to you that within five years, the day will come that this industry will be number one manufacturing hub in the world and you have got the potential".

जुपिटर इलेक्ट्रिक मोबिलिटी ने दो सीईवी किये लॉन्च

नयी दिल्ली 12 जनवरी (वार्ता) ज्यूपिटर वैगन्स लिमिटेड (जेडब्लूएल) की कमर्शियल इलेक्ट्रिक वाहन इकाई जुपिटर इलेक्ट्रिक मोबिलिटी (जेईएम) ने आज ऑटो एक्सपो- मोटर शो 2023 में ई-एलसीवी- 2.2 का जेईएम तेज़ और 7 टन जीवीडब्लू के ईवी स्टार सीसी का अनावरण करते हुये कमर्शियल इलेक्ट्रिक वाहन क्षेत्र में प्रवेश किया।

ईवी क्षेत्र में विशेषज्ञता रखने वाली प्रमुख विदेशी और घरेलू कंपनियों के साथ रणनीतिक गठजोड़ और साझेदारी ने ब्रांड को और मजबूती प्रदान की है और इसका लक्ष्य भारत में सीईवी सेगमेंट में मार्केट लीडर बनना है। जेईएम ने बाजार में ई-एलसीवी के दो वैरिएंट लॉन्च किए हैं और वह भारत में एंड-टू-एंड उत्पादन शुरू करने, प्रमुख बाजारों में सेवा सुविधाएं स्थापित करने और एक सीमलेस ग्राहक अनुभव प्रदान करने के लिए बिक्री-पश्चात आवश्यकताओं में विस्तार करने की योजना बना रहा है। प्रारंभ में प्रमुख महानगरों मुंबई, दिल्ली-एनसीआर, पुणे और बैंगलोर से संपर्क करने के बाद सीईवी मुख्य रूप से वितरण की जरूरतों को पूरा करेगा।

मोबिलिटी सॉल्यूशंस बिजनेस में अपनी मौजूदा क्षमताओं और विशेषज्ञता को बढ़ाते हुए, जेईएम ने यात्री परिवहन और माल परिवहन बाजारों में वाणिज्यिक इलेक्ट्रिक वाहनों में विशेषज्ञता रखने वाली उत्तरी अमेरिका स्थित ग्रीनपावर मोटर कंपनी के साथ एक रणनीतिक गठबंधन किया है। ईवी बैटरी के लिए लॉग 9 मटेरियल्स के साथ और वाहन डिजाइन और विकास के लिए जेवियन मोबिलिटी के साथ रणनीतिक साझेदारी एक ऐसे प्रतिस्पर्धी उत्पाद के निर्माण में बेहद फायदेमंद साबित होगी जिसकी बाजार में काफी सराहना की जाती है।

JEM Showcases Tez And EV Star CC Trucks At Auto Expo 2023

Updated On: 12 January 2023 (News) 5:16:11 

Latest News: Jaster Electric Mobility (JEM) showcases two brand new products at the Auto Expo 2023- the JEM Tez and EV Star CC.

The commercial vehicle (CV) industry is rapidly growing and witnessing positive growth trends due to the advancements in the sector. In terms of the manufacturing processes and development of vehicles with advanced powertrain and chassis components. After all, fleet owners, logistics and associated end-use industries require such advanced vehicles for efficient operations and moreover, they contribute a lot to the CV demand in India.

Nonetheless, among the different **commercial vehicle brands** that offer such advanced vehicles, Jaster Electric Mobility (JEM) the EV arm of Jaster Wagons Limited (JWL) seems to be at the forefront of development of cost-cool, performance-oriented CVs that can facilitate profitability for fleet owners, logistics and associated business ventures in the country and therefore might help the CV sector witness significant demand.

In a recent development, the brand showcased what is believed to be **advanced products** at the Auto Expo 2023, India's largest commercial automobile exhibition held at India Expo Mart in Greater Noida, Uttar Pradesh. The two commercial vehicles go by the name JEM Tez and EV Star CC, respectively.

The EV Star CC is a model in partnership with Canadian EV company GreenPower that manufactures and sells the Star in multiple body styles across global markets. The JEM Tez has been co-developed with Pune-based Xavion Mobility who designed the Tez and will also supply Jupiter Electric Mobility with the necessary tooling to manufacture the light commercial vehicle. The company has also tied up with Log9 for sourcing batteries and fast-charging technology.
