This is for your information and record.

Yours Faithfully,  
**For Jupiter Wagons Limited**

**Ritesh Kumar Singh**  
*Company Secretary and Compliance Officer*

## **Jupiter Wagons Ltd. Bags INR 242.41 Crore Order from GATX India for Manufacturing and Supply of Specialised Wagons**

*The contract covers 583 Wagons Including SUV Carriers, Container Flats, and Bulk Commodity Units*

**National, 11<sup>th</sup> August 2025:** Jupiter Wagons Ltd. (JWL), a provider of comprehensive mobility solutions encompassing rail, road, and marine transportation, has bagged an order worth INR 242.41 crore from GATX India Private Limited, the largest private railcar lessor in the country, for the manufacturing and supply of 583 specialised wagons.

The contract includes a combination of BLSS, ACT2, BOXNHL, along with BVCM wagons, purpose-built for the efficient transport of bulk commodities, passenger vehicle (SUVs) and containerised freight. These wagons are engineered for high-capacity, long-distance operations and are aligned with the evolving requirements of India's freight logistics infrastructure. Their robust design and operational efficiency are expected to significantly enhance cargo handling capabilities for GATX and its clients.

### **The specialised wagon types include:**

- **BLSS (Container Carrier Wagon):** Designed specifically for carrying ISO containers, the BLSS wagon offers a high axle load capacity with improved payload-to-tare ratio. These wagons enable the efficient transport, making them ideal for intermodal logistics and enhancing port-to-hinterland connectivity.
- **ACT2 (Bi-level SUV Carrier):** Engineered for the secure and efficient transport of finished automobiles, particularly SUVs, the ACT2 is a bi-level car carrier. It accommodates up to 10 SUVs per wagon. Its specialised design ensures minimal handling, better vehicle protection, and faster loading/unloading, aligning with the rising demand for SUVs across the country.
- **BOXNHL (High-Capacity Open Wagon):** Commonly used for transporting bulk commodities like coal, iron ore, among others. BOXNHL wagons are open-top and designed for tippler unloading. With a payload capacity exceeding 70 tonnes, they offer improved speed potential and enhanced brake systems, making them suitable for heavy-haul freight corridors.

The contract, valued at INR 242.41 crores, further strengthens Jupiter Wagons' position in the market and highlights its capabilities in catering to large-scale, specialised projects. With a focus on innovation, efficiency, and customer satisfaction, Jupiter Wagons is ready to execute the order with utmost diligence and adherence to the highest standards of quality and safety.

**Mr. Vivek Lohia, Managing Director, Jupiter Wagons Limited,** commented, *"We are delighted to further strengthen our association with GATX India through this prestigious order. As the largest private railcar lessor in India, GATX plays an instrumental role in enabling modern, flexible freight operations. This engagement marks an important step forward in our customer diversification strategy, and we look forward to building a long-term, value-driven relationship."*

Jupiter Wagons continues to expand its presence across rail, road, marine, and sustainable mobility through innovation-led manufacturing, integrated design capabilities, and global collaborations. The

company remains committed to delivering high-quality, future-ready solutions that support the vision of a modern and efficient logistics infrastructure for India.

#### **About Jupiter Wagons Ltd. (JWL)**

Jupiter Wagons Limited (JWL) is a provider of comprehensive mobility solutions, with diverse offerings across Freight Wagons, Locomotives, Passenger Coach Accessories, Braking Systems, Commercial Vehicles, ISO Marine Containers, and products such as Couplers, Draft Gears, Bogies, CMS Crossings, Brake Disc, Brake System, Wheels, Axles, Wheelsets, electric commercial vehicles (e-LCV), BESS Containers, and Lithium Batteries. JWL has manufacturing facilities located in Kolkata, Jamshedpur, Indore, Jabalpur, Aurangabad, and Bangalore with maximum backward integration to its foundry operations. The Group has established partnerships with leading global companies like Tatravagonka a.s. (Slovakia), Kovis d.o.o. (Slovenia), Talleres Alegria s.a. (Spain), and DAKO-CZ (Czech Republic).

With a rich legacy of over four decades, the company has leveraged its deep technological capabilities and financial strength to emerge as a one-stop shop for mobility solutions and reinforce its position as one of the fastest-growing within the industry. Catering to industries such as railways (freight + passenger), metro rail, automobile, transportation, logistics, construction equipment, municipalities, healthcare, energy, mining, and infrastructure, Jupiter Wagons Ltd. boasts a marquee client base including Indian Railways, American Railroads, Indian Ministry of Defense, Tata Motors, Adani Group, GATX, GE, VE Commercial Vehicles among others.
